

Name **DEVARAKONDA VEDAVYAS JEE**

Address : Kondapur, TS 500084

City, State, ZIP : Hyderabad ,Kondapur, TS 500084

Phone Number : +91 6281609390

Email Address : vedavyas692456@gmail.com

Objective:

Highly analytical and results-driven professional with a strong business acumen and expertise in advanced analytics, data analysis, and problem-solving within the pharma domain. Proficient in Python, MySQL, HTML, CSS, Bootstrap, and JavaScript, seeking a challenging role that allows me to leverage my skills to drive data-driven solutions and add value to the organisation.

Education:

Bachelor's Degree : Kommuri Pratap Reddy Institute Of Technology College

University Name : Jawaharlal Nehru Technological University Hyderabad

Location : Hyderabad Ghatkesar

Year of Graduation : 2022

Intermediate:

Narayana Junior College

Location : Hyderabad, Kompally

Year of Passedout: 2017

Technical Skills:

- Advanced Excel | Python | R | MySQL
- HTML | CSS | Bootstrap | JavaScript
- Regression Analysis | Monte Carlo Simulations
- Forecasting and Forecasting Methods
- Data Visualization and Presentation

Work Experience:

Company Name : Skill Technologies

Location: Hyderabad, Kondapur, TS

Position: Junior Software Developer

- Conducted advanced data analysis using Python and R to identify performance trends and provide valuable insights to the team.
- Developed statistical models and simulations to address complex business problems, leading to improved decision-making processes.
- Utilised MySQL to gather, clean, and organise large datasets for analytical purposes.
- Created interactive data visualisations using HTML, CSS, Bootstrap, and JavaScript to communicate complex information to stakeholders effectively.
- Collaborated with cross-functional teams to deliver projects within tight timelines, ensuring successful project completion.

Projects:

Project Name: Dr. Health Online: Created and maintained user-friendly doctor's website with optimised appointment scheduling. Using HTML, CSS, Flexbox, Bootstrap, JS

Duration : 24 days

- Designed and implemented a responsive web interface utilising HTML, CSS, Bootstrap, and JavaScript, enhancing user experience and accessibility.
- Integrated real-time data visualisation capabilities using JavaScript libraries, facilitating data analysis and decision-making processes.

Project Name : I have done an internship on banking applications by using the server's of HTML, CSS, Flexbox, Bootstrap

Projects:

Developed a Python-based object-oriented grocery project, implementing classes and methods to manage inventory, track sales, and handle customer orders efficiently. Utilized OOP principles to ensure code modularity, reusability, and scalability. Successfully contributed to the development and maintenance of a robust grocery management system.

Certifications: Programming Foundation With Python, 2022
(CCBP 4.0 Intensive)

Certifications: Build Your Own Static Website

HTML, CSS, BOOTSTRAP, JS (CCBP 4.0

Intensive)

Certifications: Software Engineering Virtual
Experience Program

Technical Skills:
